On the occasion of the celebration of the "European Day of Cooperation" on September 21st, the thematic seminar will be "Global Citizenship for Solidarity" as an opportunity for the project partners to get together and strengthen their community through common learning.

The meeting will focus on learning and skills development within the field of Solidarity, to enhance the competence of the ESA Participants. Its goal is to inspire the ESAs and encourage their active participation through creation of common learning spaces. The ambition is to use the seminar's topics to ensure knowledge-sharing relevant and useful for all participants, focusing on common challenges like soft skills development, cooperating with local stakeholders, work-based learning in order to promote the active participation of citizens in processes and proposals for sustainable development from different areas of action.
